

OCTOBER 18, 2023 | TALLAHASSEE, FLORIDA

Behavioral Health

The Florida Behavioral Health Association is proud to host Behavioral Health Day at the Capitol 2023. Together, mental health and substance use disorder advocates from around the state will gather at the Florida Capitol to hear from state leaders about the future of behavioral health in Florida.

The mental well-being and health of all Floridians have always been our number one priority. We are excited to share the stories of success and resiliency on October 18, 2023. Thank you for joining Florida's behavioral health community for this year's Behavioral Health Day!

PLEASE JOIN US ON BACKSTEPS OF THE HISTORIC CAPITOL
